

Xmas Scrapbook

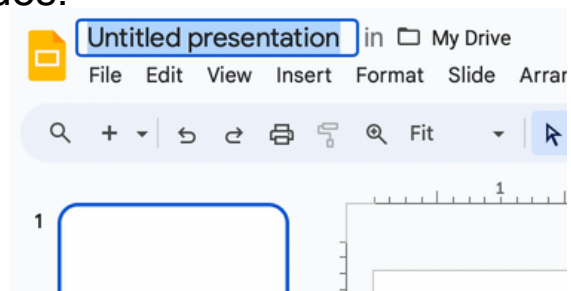

Digital

Suitable for KS1 Upwards

Step 1: Take lots of photos over the Christmas period. Remember to take photos of people, pets and events.

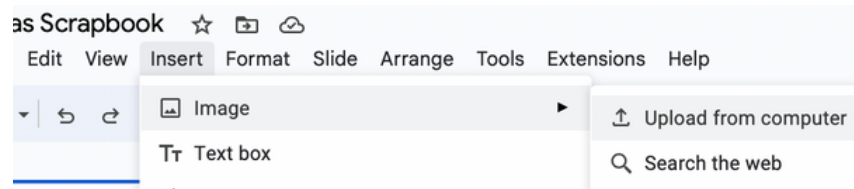

Step 2: Open the Google Slides.

Step 3: Create a blank presentation.

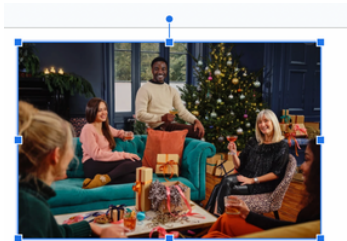

Step 4: Rename your presentation by clicking on Untitled Presentation.

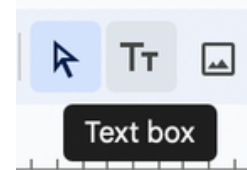

Step 5: Upload your photos onto your computer (you might need an adult to help you) then insert them into your document by clicking- Insert, Image, Upload from computer.

Step 6: Arrange your photos and resize them to a design you like. You can do this by clicking on them and using the blue squares to resize, the circle to tilt and drag it around to move.

Step 7: Add in some text so you can describe what is happening in each image.

Step 8: Print out your scrapbook page and send it to your family and friends or use it as a thank you card.
